-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

The amendment document filed on 14 September 2006 is considered non-compliant because it has failed to meet the requirements of 37 CFR 1.121 or 1.4. In order for the amendment document to be compliant, correction of the following item(s) is required.

THE FOLLOWING MARKED (X) ITEM(S) CAUSE THE AMENDMENT DOCUMENT TO BE NON-COMPLIANT:

 - ☐ C. Other _____.
- ☒ 4. Amendments to the claims:
- ☐ A. A complete listing of all of the claims is not present.

TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Extensions of time are available under 37 CFR 1.136(a) only if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Amendment Non-Responsive

The amendment filed on 6/29/2006 cancels claims 1-10, 15-27 and 32-38. New claims 39-59 recite a patentably distinct invention not originally presented. The amendment leaves no claims directed to the originally presented invention. An amendment presenting only claims to a non-elected invention is non-responsive (MPEP 821.03). The remaining claims are not readable on the elected invention because the invention now presented would have been subject to a restriction requirement had they been originally presented along with said elected invention.

The newly submitted claims recite a computer implemented method for providing information from a seller about an-online group buying sale hosted by a sales server to a referring website for referring potential buyers to the on-line group buying sale. None of the claims previously presented structurally or functionally claim a referring website or providing a link to a referring website.

The previously presented claims and the newly submitted claims are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct if they do not overlap in scope and are not obvious variants, and if it is shown that at least one subcombination is separately usable. In the instant case, the newly submitted claims have separate utility such as requiring a potential buyer to access a referring website in order to participate in a selected on-line group buying sale thereby referring potential buyers to the on-line group buying sale. See MPEP § 806.05(d).

Art Unit: 3625

None of the claims as now presented, are readable on the claims originally presented, and would require a serious burden on the examiner because the inventions require a different field of search (see MPEP § 808.02), restriction for examination purposes as indicated is proper.

Applicant's traversal is not found persuasive. The requirement is still deemed proper and is therefore made FINAL.

Art Unit: 3625

Conclusion

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
